Mr. E. P. Matson 290 Salem Street Woburn, Massachusetts

Dear Mr. Matson:

It was nice talking with you last night, but I do apologize for waking you up. Frankly, I tried to get you a few times in the evening, but nobody answered so I figured you were out late.

Enclosed you will find the Release and Indemnity Agreement that each father is required to sign and to have witnessed. This is a form that we used last year and I believe it was written up by a lawyer, so it should be perfectly legal. It was our plan to present to the association these forms filled in by each father on the first night of shooting so that you could have them in your files.

You will notice they also cover the Cub Scouts and the Boy Scouts so we know you will keep them very carefully.

I also include a copy of the Code of the Junior Riflèman. Each boy is required before he shoots to learn these ten rules by memory and again there are no exceptions to this rule.

Mr. Wayne Carpenter is heading up the shooting program with the Cub Scouts. He was Cub Master of this pack for quite a few years in the past and is an expert at handling the shooting program.

I am also enclosing another sheet that each of the boys gets, explaining the whole program and so forth.

Frankly, the boys are all enthused about the shooting program. It is probably my fault, but I thought that it was all set that the boys would be able to shoot. We are still planning to hold our meeting on Monday, February 15, and at that time the boys are going to have instruction on the rifle. We are going to pass them on the Code of the Junior Rifleman and also we will receive from the fathers the release and indemnity agreement. You perhaps might even want to show it to a lawyer. I think, however, you will find that it will absolve you of any responsibility whatsoever in connection with

-2-February 9, 1960 Mr. E. P. Matson Woburn, Massachusetts the Cub Scout shooting program. I would like to mention that all of these boys that are going to embark on the shooting program have all passed the Lions which is the highest award they can receive in the Cub Scouts, with the exception of the Webelos which is really a transition award into the Boy Scouts. These boys are all fifth graders and will be well versed on behavior, the use of a rifle, and so forth. As you no doubt agree, it is a wonderful opportunity for the boys to learn how to shoot correctly under trained supervision and at the same time learning proper respect for weapons. We think it is a wonderful thing that your association is doing in allowing the use of your range to train these boys. With kindest regards, I remain Very truly yours, Robert W. Armstrong, Jr. RWAJ:sh Encs
